Saratoga Springs is excited to announce the ground breaking of Patriot Park. This new 30-acre sports complex will include six baseball fields, eight pickle ball courts, a playground, batting cages, concession stands and a Veteran's monument, honoring our service men and women from each branch. It is anticipated that the park will open in time for 2019 spring sports.

**"It's a community gathering place!"**

This year marks the 20th Anniversary of Saratoga Springs. Our community is growing at a rapid pace and is in the need of more places for the community to gather. Patriot Park is a great first step as we continue to move forward to make that possible.

No longer are we just a place to reside and go to sleep. This is a place where families get together to play ball, to get to know each other

and create a community where grandparents will come, and our kids will play. Patriot Park was four years in the making and represents more than just a baseball field—it's a community gathering place!

We chose to name this sports complex Patriot Park to honor our Military men and women, especially considering our proximity to Camp Williams. So instead of referring to the fields as, "Field 1" or "Field 2," each will be named after the different branches of the military.

In addition, the Veteran's Monument at the park will provide residents the opportunity to honor loved ones who selflessly served their country in the Military.

Patriot Park represents the hard work of our residents and the City Council to further the amenities that continue to grow our incredible quality of life here in Saratoga Springs. We look forward to the completion of Patriot Park and welcome everyone to come to Saratoga Springs to "Play ball!"

# Redwood Road Improved Update

## NEW TRAFFIC PATTERN

Sections of Redwood Road traffic will be shifted to the west side of the road. This traffic shift will allow room for crews to begin demolition activities and utility work on the east side of Redwood Road. Drivers should be aware of new traffic patterns and drive cautiously.

## WIDENING: 400 SOUTH TO LAKE VIEW TERRACE ROAD

**Redwood Road:** Drainage work is ongoing as crews install drainage pipes and concrete boxes; additionally, traffic signal installation continues at Grandview Boulevard. Crews expect to begin utility work and roadway reconstruction on the east side of the road.

**Grandview Boulevard & Lake View Terrace Road:** Crews are installing curb and gutter and sidewalks on Lake View Terrace Road. Pedestrian ramps are being upgraded to comply with federal standards. Pedestrians should avoid construction areas.

## RESURFACING:

**Village Parkway south, approximately 10 miles:** Crews will install a guardrail near mile marker 21, which is about four miles south of Harbor Parkway. One-way flagging will be used during this operation to allow room for work.

If you have any questions, contact a project representative at 801-997-5682 or [redwoodsaratoga@utah.gov](mailto:redwoodsaratoga@utah.gov).

## Storm Water Preparation for Winter

By: Darl Brown, Storm Water Coordinator

Fall is here and we are losing tree leaves, making that final cut on our lawns, and purging air through our irrigation systems so we can have that freeze protection for the long cold winter months ahead.

As winter fast approaches, residents can help keep storm drains clean by: clearing the gutters in front of your home, picking up lawn clippings, bagging the leaves, and sweeping away dirt that has collected in front of your residence.

With the increased storm water from the snowfall that runs down the gutters, into the inlets, through the pipes and finally draining into Utah Lake or The Jordan River, please help to ensure that we have as few obstructions as possible. Let's do our part to leave it better than the way we found it.

## Community Emergency Response Team (CERT)

By: Ray L. Mills, CERT Program Manager

We are all aware of the recent disasters, hurricanes and earthquakes to strike our country and Mexico. Thousands have come to the aid of those suffering under these dire circumstances through monetary donations as well as hours of selfless service. We commend the many that are willing to give of themselves for the benefit of others.

As your local CERT team we would like to express our appreciation to those in our

community who are willing to stand and to give of themselves when a crises arises. We should feel we can rely on one another. But more importantly, we need to rely on ourselves to be prepared, trained, and ready for whatever comes our way. CERT is here to help!
