2018 Youth Council Legislative Day

By: AnnElise Harrison, Civic Events Coordinator

For the 5th year in a row the Saratoga Springs Youth Council had the opportunity to attend the Utah League of Cities and Towns, Day at the Legislature. Saratoga Springs was represented by one of the largest groups of youth in attendance.

They began their day at the capital with breakfast, then met with Representative Jacob

"Opportunity to learn more about our government"

Anderegg for a tour of the capital building. The council was also able to go onto the state senate floor to learn firsthand what it is like to be a senator at the state level.

After the tour the council was able to

participate in a mock bill committee meeting. Several members of the council stood up at the meeting and weighed in on the topics discussed. They shared their opinions on different aspects of the proposed mock bill and how it would affect students in the future.

They were able to finish the day off by eating lunch with our city and state representatives and learn lessons from some of our past United States presidents from presidential historian and author, Mark Updegrove.

It is a wonderful opportunity to take our local youth to the capital each year to learn more about our government on a state level, as well as meet and interact with our state and city officials.

Caring for Storm Drains

By: Darl Brown, Storm Water Coordinator

While we haven't experienced a lot of heavy snow yet, we have experienced some steady rains in our neighborhoods. This is a good time to observe the quality of water draining into our lake and river systems.

If you notice any rainbow-like oil sheens on the water draining to a storm inlet, please observe where it may be coming from. A light sheen is understandable, but please report a heavy sheen.

Light rains are also a good time to check

if our storm drain boxes are working the way they should. Often, trash, debris, leaves, or other material may be washed into the storm drain inlet and clog the storm water box.

If you happen to see any water pooling up outside of a storm drain inlet or manhole please call the Public Works Department at (801)766-6506 to report any problems. And always remember, let's leave it better than we found it.
