Miss Saratoga Springs Pageant & Jr. Miss & Little Miss Essay Contest

By: Jealin Dickamore, Assistant Civic Events Coordinator

Last year to celebrate the 10 year success of our Miss Saratoga Springs pageant, we added a Little Miss Saratoga Springs Essay Contest.

We were so thrilled with the participation for the event that we've decided to add another event. We're excited to announce the addition of the Junior Miss Saratoga Springs Essay Contest!

The Junior Miss contest will be open to young ladies between the ages of 13 – 15. The Little Miss contest will be for girls between the ages of 9 – 12. And as always, the Miss Saratoga Springs Pageant will be for young ladies between the ages of 16 – 22.

Please note that all participants must meet the age requirements for their group as of the date of the pageant, which is March 7th, 2020.

Please visit our website at www.saratogaspringscity.com/misssaratogasprings to

find more information and to get registered for these great events.

We want to thank our wonderful community for your support of these young ladies! Our goal is to encourage the young ladies in our city to serve

"We're excited to announce the addition of the Junior Miss Saratoga Springs Essay Contest"

their community, grow as a person and plan for their future.

Many of our events rely on the efforts of amazing volunteers in our community. If you are interested in getting involved please visit www.saratogaspringscity.com/getinvolved.

Christmas Tree Disposal

The City of Saratoga Springs will collect live Christmas trees for residents. Please remove all ornaments and lights; then take your tree to the north east corner of the South Fire Station parking lot at 2015 S. Redwood Road.

An area with signs will be available starting Thursday, December 26, 2019 through Thursday, January 9, 2020. If you have questions or concerns, please contact the Public Works Department at (801)766-6506.

CITY OF SARATOGA SPRINGS

PARKS, RECREATION, TRAILS & OPEN SPACE MASTER PLAN

DRAFT PLAN OPEN HOUSE

THURSDAY JANUARY 14, 2020 6:00 to 8:00PM

SARATOGA SPRINGS PUBLIC SAFETY BUILDING
367 South Saratoga Rd.
Saratoga Springs, Utah

<https://ldi-ut.com/saratoga-parks>

Often as we are cleaning up our holiday decorations and throwing out those dried out Christmas trees we begin to look at decluttering and dejunking the house. Here are a few things to remember when it comes to our garbage and recycling services.

Place your cans at the curb no later than 7:00 a.m. on service days.

See the Garbage Collection page on the city website at www.saratogaspringscity.com/garbage for links to:

a map and the updated 2020 calendars showing garbage and recycling

service days, including holidays
 acceptable recycling items (additional costs may apply if you contaminate a recycle truckload with unacceptable items)

If you are waiting for garbage cans to be delivered, call Republic Services at 801-785-5935 before your scheduled service day to arrange removal of garbage bags.

Request additional/replacement or removal of cans by calling the Utility Dept. at 801-766-9793 ext. 100.

WHAT CAN I RECYCLE?

TOP 10 IN THE BIN

- 1 - CARDBOARD
- 2 - MIXED PAPER
- 3 - FOOD BOXES
- 4 - MAIL
- 5 - ALUMINUM CANS
- 6 - STEEL CANS
- 7 - DRINKING BOTTLES
- 8 - MILK JUGS
- 9 - PLASTIC CONTAINERS
- 10 - PAPER BAGS AND PAPER PACKAGING

Emergency Tip #4: Know Your Home

By: Jess Campbell, Fire Chief

Happy New Year to one and all!

This is the start of a new year and an opportunity to focus on areas of importance in all of our personal lives. So have this month's information be a start and/or a continuation of 12 months of focus for others.

As I stated back in September, this is meant to be a tool and resource for getting each home in Saratoga Springs individually prepared for significant and disruptive events that may occur in each of our lives. This month's message is "Know your home".

Make it your business to become familiar with the critical infrastructure of your home base and learn how to

operate electric panels and circuits, natural gas service controls, culinary water main valves, outside air vents, etc.

Locating the necessary tools and where

gas providers are great resources for this information.

Our Fire & Rescue and local Citizens Emergency Response Team (CERT) can provide instruction on how to secure your utilities as well. Knowing when to turn utilities off and on is important.

Remember during a "shelter-in-place" emergency, to turn off air conditioner/heating systems and water heating systems. All of which are designed to bring outside air into the building or space providing shelter.

Let's make the year 2020 provide clarity and vision of where we need to be, in becoming as prepared as we can!

Winter Salt and Deicing Methods

By: Darl Brown, Storm Water Coordinator

The winter months can be long and cold. With the magnitude of snow we receive here in the state of Utah, the city streets are plowed and salted to ensure safe travel for all residents. However, the salt that is spread on our streets needs to stay within certain guidelines, because too much salt can cause life changing effects on our aquatic life in our lakes and streams.

With that in mind, please watch how much salt and deicer you spread on your driveways and sidewalks to reduce the ice build-up. Too much salt and deicer can also irritate the paws of your pets.

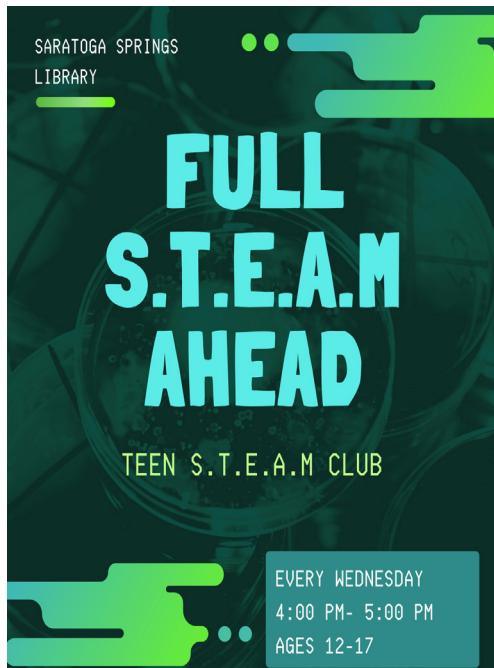

The proper way of taking care of the increasing snow levels and spreading salt is to shovel or snow blow the accumulated snow on hard surfaces and lightly lay

down your salt & deicer.

It's always a good practice to put down a small amount and, if needed, use a little more to keep your driveways and sidewalks free of ice, but keep in mind the drainage leading to our waterways can lead to too much salt taking oxygen out of the water.

When snow levels start melting it all travels downstream to the storm drain grates and through the pipes - it all ends up in our lakes & streams, this includes all of the salt that was put down to melt the ice.

Once again this is unfiltered storm water that is used for irrigation water and yes eventually our drinking water, please remember "only rain down the drain" and let's leave it better than the way we found it.

Employment Opportunities
