## Virtual Concert Series

PRESENTING:

**JASON CROPPER**

This November the city will host the first virtual concert of a monthly series that will be streamed on Facebook for citizens to enjoy. We are excited to share that our first performance will be a concert by Jason Cropper.

Jason Cropper, original guitarist and founding member of the grunge-era, power-pop-rock band, Weezer, will perform a live virtual concert for the City of Saratoga Springs, November 6 at 7pm, through the City's Facebook page.

"We could not be more excited to have

**"Founding member of the band Weezer.."**

Jason Cropper perform a live virtual concert for our residents and the internet at-large," said Saratoga Springs Public Relations Director, David Johnson. "This is really an incredible opportunity."

As Weezer's original guitarist, Cropper contributed to the band's breakthrough, self-titled debut album, known as The Blue Album.

Cropper is credited with co-writing the classic tunes from the album such as the song "My Name is Jonas."

"With everything going on in society today, we are all looking for ways to connect with one another," said Cropper. "When the City of Saratoga Springs approached me with the idea of hosting a live online performance for their community, I couldn't think of a better way to bring people together?"

Cropper will perform an hour-long acoustic set with a variety of originals, classic covers, a Weezer Medley and Cropper's new singles, Goodness Knows and Perfect Dream.

COVID-19 has changed everything with **"Cropper will perform an hour long set.."**

city events this year and so we want to provide a way for the community to still get together and enjoy live performances, even if it isn't in the traditional sense.

## Snow Removal & Winter Parking

By: Officer Sam Beck, Code Enforcement

During the winter months, the City's goal is to keep the streets safe for travel. The City is responsible for more than 90 miles of road, equating to about 180 miles of plowing.

With the snow season creeping up on us we wanted to reach out and let the public know the rules about parking vehicles on the street during the winter months.

Under City Code 19.18.10, Parking During Snow Removal From Streets, it reads, "It is illegal for the owner or driver of any vehicle to park, cause, or allow to be parked such vehicle upon a City street or right-of-way during a snowstorm when a measurable amount of snow has fallen, or following a snowstorm when a measurable amount of snow has fallen, and the City's snow removal equipment has not yet been utilized to remove the snow."

The Streets Department has also asked that all portable basketball stands are removed off of the roadways.

City crews conduct snow removal and road salting operations around the clock, if necessary, during winter storms. In order to achieve this, the City has a prioritized sequence in which the roads will be plowed and salted.

Residents are reminded not to park vehicles on roadways during or immediately after a snowstorm to allow snow plows to clear roadways.

Additional information regarding the City's snow removal guidelines and a map of street prioritization are available online at [www.saratogaspringscity.com](http://www.saratogaspringscity.com). contribute to an account online.

REGISTRATION IS OPEN  
NOVEMBER 1 - NOVEMBER 30

## Holiday Home Decorating Contest

- All Participants must be citizens of Saratoga Springs
- Participants must submit a picture of their lit home with their registration

## Stormwater Preparation

By: Darl Brown, Storm Water Coordinator

Fall is officially here! Trees are losing their leaves and many home owners are making those final cuts on their lawns, as well as the city shutting off the secondary water so we can purge air throughout our irrigation systems and have the freeze

protection for the cold winter months ahead.

We have noticed an increase of illegal dumping in our open spaces including vacant lots, storm water drainage canals, foothills and along the shoreline of Utah Lake. The Storm Water Division would like to remind our home owners that these are privately owned properties and the dumping of your waste (including Green waste) is illegal and has the potential to infest our lakes and waterways with unwanted debris.

In addition, dumping of mattresses, box springs, old furniture, appliances and garbage is strictly prohibited. Please be aware that we are watching these areas

closely and fines are being imposed if you are caught dumping day or night. If you see anyone dumping in these areas please contact the Public Works offices immediately.

There are many local dumps for your convenience such as the North Pointe Transfer Station, in Pleasant Grove as well as the International Regional Landfill in Fairfield (please make sure your loads are tarped and or secured when transporting to proper locations).

Help us keep our city and communities beautiful and our waterways clean! Let's continue to do our part and leave it better than the way we found it. Please Remember "Only Rain Down The Drain"

# Emergency Preparedness

By: Chief Jess Campbell, Fire Chief

2020 is fast winding down; finally!

We have spent the year talking about getting and being prepared. I hope you have made your plan, and your preparation is well underway.

As a reminder, here are the four tenets of preparedness: Make a plan, Get a disaster kit, Be informed, Get involved.

From those tenets, there are twelve areas of emergency preparedness: Water;

Food, Shelter, Clothing and Fire; Hygiene and Sanitation; Light and Power; First Aid; Communication; Safety and Security; Tools and Personal Items; Cooking; Important Documents; Transportation.

Should you need more details, feel free to email

me at [jcampbell@saratogaspingscity.com](mailto:jcampbell@saratogaspingscity.com), or go to [www.bereadyutah.gov](http://www.bereadyutah.gov)

Happy Thanksgiving!
