Supporting Materials

In an effort to provide the best service and most efficient review of your application, no planning application will be accepted unless the application is determined to be complete, containing all items on the application checklist. Submit the signed application and supporting materials to Planning@SaratogaSpringsCity.com. Please contact the Planning Department Administrative Assistant at 801-766-9793 x155 with questions.

Plans will be routed for review the first business day after they are accepted. Once routed, most applications will receive a response within 10 business days. A Comment Review Meeting (CRM) may be scheduled 10 business days after the plans are routed and are generally held Thursday mornings. Reviews may require additional time for large projects or those with complex circumstances; in these instances the City will notify the applicant of the extended review period.

Application Requirements

Please be as detailed as possible when filling out this application. Incomplete or inadequate information may result in your case being delayed or denied. The Appeals Authority cannot grant a variance simply because an applicant has requested it. The burden of proof rests upon you as the applicant to show that all of the conditions justifying a variance have been met. Whenever the Hearing Examiner acts under his or her power to hear and rule on variances, it shall grant approval only if it finds that all of following standards have been met:

1. The appellant has filed a properly completed application that states the normal or standard amount of area, distance, size or volume required by the land use ordinance, the specific amount of variance being requested, and all other information required by the application form.
2. The appellant must be the owner, lessee, or holder of some other beneficial interest in the property to which the variance will apply.
3. The substance of the variance must be a request to vary the requirements for height, bulk, width, setback, or other numerical or quantitative, as distinguished from approval to have a land use that is not listed as permitted in a zone (e.g. no "use variance" shall be granted).
4. Prior to filing an application for a variance with the Hearing Examiner, the applicant must have applied for a permit, or other land use approval, and have been denied such by the City or land use administrative officer or agency of the City of Saratoga Springs, based on the specific requirement that is the subject of the variance. (If there were multiple reasons for denial, the approval of a variance of one requirement shall not relieve the appellant of the need to meet the remaining standards of the ordinance).
5. The literal enforcement of the provisions of the land use ordinance must cause an unreasonable hardship to qualify:
 - a. The hardship shall be located on or associated with the property itself (as opposed to a personal or financial problem of the appellant);
 - b. The hardship shall arise from circumstances unique to the property, not a condition general to the neighborhood;
 - c. The hardship shall not be a self-imposed hardship (such as building without permits or actions contrary to the terms of the ordinance after its enactment);
 - d. The hardship shall not be economic in nature; and
 - e. The hardship need not be borne to carry out the general purpose of the land use ordinance.
6. There must be special circumstances attached to the property which do not generally apply to other properties in the same district; to qualify:
 - a. The circumstances must relate to the hardship complained of; and
 - b. The circumstances must deprive the property of privileges granted to other property in the same zone, and shall not constitute a grant of special privilege.

7. The variance must qualify for the following:
 - a. It does not substantially affect the Land Use Element of the General Plan and is not to the public interest.
 - b. The spirit of the land use ordinance is observed and substantial justice is done.
 - c. It is essential to the enjoyment of a substantial property right possessed by other property in the same zone, and shall not constitute a grant of special privilege.
8. Any variance granted shall be no greater than the minimum amount necessary to afford relief.
9. The appellant has the burden of proving that all of the conditions for granting a variance have been met and must clearly meet that burden based on the facts presented for the record; expressions of support or protest alone shall not constitute the basis of approval or denial.
10. In granting the variance, the Hearing Examiner may attach additional requirements that will:
 - a. Mitigate any harmful effects of the variance; or
 - b. Serve the purpose of the standard or requirement that is to be varied.
