In the event a candidate has no contributions or expenditures during a reporting period, a financial statement which states there were no contributions received or expenditures made must still be filed.

A person is considered a candidate and must begin filing financial disclosure reports if one or more of the following occurs:

- The individual files a declaration of candidacy for municipal office; or
- The individual receives contributions, makes expenditures, or gives consent for any other person to receive contributions or make expenditures to bring about the person's nomination or election to a municipal office.

Every candidate is required to have a separate campaign account in a financial institution; and may not deposit or mingle any campaign contributions received into a personal or business account.
