Chapter 10.03. Graffiti Prohibition and Removal.

Sections:

- 10.03.01. Purpose and Intent.**
- 10.03.02. Definitions.**
- 10.03.03. Unlawful to Apply Graffiti.**
- 10.03.04. Possession of Graffiti Implements by Minors Prohibited.**

- 10.03.06. Access to Graffiti Implements.**
- 10.03.07. Graffiti Removal Provisions.**
- 10.03.08. Rewards.**
- 10.03.09. Penalties.**

10.03.01. Purpose and Intent.

1. The City Council specifically finds that graffiti on public or private property is a blighting factor which not only depreciates the value of property which has been the target of such vandalism but also depreciates the value of the adjacent and surrounding properties so as to create a negative impact upon the entire City.
2. Utah Code § 76-6-107 authorizes the City, under certain circumstances, to provide for the removal of graffiti and other inscribed material from private as well as public property. The Council finds and determines that graffiti is obnoxious and a public nuisance and unless the City causes it to be removed from public and private property, it tends to remain. Other properties then become the target of graffiti with the result that entire neighborhoods are affected and become less desirable places in which to reside or be present. Graffiti also has been found to be a means of identification utilized by gangs and its presence may encourage further gang-related activities.
3. It is the purpose and intent of the City Council, through the adoption of this Chapter, to provide additional enforcement tools to protect public and private property from acts of vandalism and defacement, including the application of graffiti on privately and publicly owned walls and structures. Such acts are inimical to and destructive of the rights and values of private property owners as well as the entire community. It is the further intent of the City Council, through the adoption of this Chapter, to provide notice to all of those who disregard the property rights of others, that the law enforcement agencies of the City, and the City and county prosecutor's office, will strictly enforce the law and vigorously prosecute those persons engaging in the defacement of public and private properties.

(Ord. 11-9; Ord. 08-21)

10.03.02. Definitions.

2. **“Felt tip marker”** means any tipped style marker or similar implement with a tip which, at its broadest width, is one-eighth inch or greater.
3. **“Graffiti”** means any inscription, word, figure, or design that is marked, etched, scratched, drawn, painted, pasted, or otherwise affixed to or on any surface, to the extent the same was not authorized in advance by the owner thereof, or, despite advance authorization, is otherwise deemed by the City Council to be a public nuisance.
4. **“Graffiti implement”** means an aerosol paint container, a felt tip marker, or any other device containing any solution or substance capable of being used to leave a visible mark at least one-eighth of an inch in width upon any surface.

This provision shall not apply to the possession of felt tip markers by minors, except under circumstances that indicate an intent to use, or knowledge that some person intends to use, the same in the commission of vandalism or destruction of property.

It is unlawful for any person, other than a parent or legal guardian, to sell, exchange, give, loan, or otherwise furnish, or cause or permit to be exchanged, given, loaned, or otherwise furnished, any graffiti implement to any minor without the consent of the parent or lawful guardian which consent shall be given in advance in writing. This provision shall not apply to the sale or distribution of felt tip markers to minors, except under circumstances that indicate the minor or some other person intends to use the same in the commission of vandalism or destruction of property.
2. No person or business engaged in a commercial enterprise shall display for sale, trade, or exchange, any graffiti implement except in an area from which access by the public is securely precluded without employee assistance. For purposes of this Section, an owner or authorized representative of the owner, shall be deemed to actually occupy a room even during brief periods of absence if the room is contained within a larger structure which is occupied by the owner or representative.

(Ord. 11-9; Ord. 08-21)
